

**FORBERG®**

**MINERAL WOOL**

# MINERAL WOOL

## COMPANY INFORMATION

Forberg International AS has more than 30 years of experience in building machines for the mineral wool industry. There has been a continuous development of the machines, allowing us to stay in front with technical solutions.

## ADVANTAGES

The Forberg® machines are made of a compact design, keeping the space requirements down to a minimum. The superb quality of the machines ensures a long lifetime with minimal maintenance. The machines are very price competitive and we are pleased to offer solutions from manual handling to fully automatic systems. We supply complete loose wool systems from production line or waste line to ready palletized bags of blowing wool/loose wool.

## SCOPE OF DELIVERY

- Engineering, both mechanical and electrical.
- Feeding systems
- Mills/shredders
- Conveyor systems
- Platforms and ladders
