**MISUSE OF FORBERG'S TRADEMARK AND GOODWILL**

Forberg International AS(Forberg) has recently become aware of the fact that there are companies marketing and selling mixers by giving customers and prospective customers the impression that these are Forberg mixers or produced and sold pursuant to commission by Forberg International.

Due to the fact that Forberg International no longer has any agreement with lisencing companies as all such agreement have been cancelled the past years, there are no legal position for any company to market, sell and use Forberg's trademark and goodwill or by indicating that these companies sell products on Forberg's commission. Forberg holds title to the registered trademark FORBERG® inwhich is a protected name in Norway and all EU countries, USA, China, Turkey, Japan, South Korea and Australia.

If your company becomes aware of such business practice, we would encourage you to contact us.

Forberg is a trustworthy company and would like to inform the market about such unlawful business practise to avoid any misunderstanding.

This letter will be distributed to our customers and cooperational partners.

Yours sincerely  
for Forberg International AS

**Hilde Nordahl**  
Sales Director
